**Student Development Program**

On

**“Interview Techniques & Communications”**

By

**Mr. Vijay Deshpande**

(CEO and Founder of 'People Sciences')

By understanding importance of soft skills in today's cut throat competition to get a job for fresher, **Student Development Program** on “Interview Techniques & Communications” was organized by Training cell of GMVIT, Tala. SDP was conducted on 26/09/2019 in two sessions for Final Year Engineering Students of all branches.

The first session was from 10.30am to 1.30pm in conference room for B.E. Mechanical students. The main objective was to give training to the students on different aspects of interview i.e. resume building, presentation skills, different interview techniques. The training was given by Mr. Vijay Deshpande, CEO and Founder of 'People Sciences'.

**Deshpande Sir introduced by Tanveer Rawoot**

The Program started with welcome address by Mr. Tanveer Rawoot (BE Mechanical) and was followed by felicitation of the trainer by the **Principal Dr. D.N. Jaiswal**. Tanveer gave concept note of the program and requested Deshpande Sir for the first session of training.

At the beginning, Deshpande Sir asked some students for introduction and took overview of the present skills of students and later asked the participants about their expectation from the training session. He taught the students how to give general introduction, what is the difference between right answer and correct answer, how to be specific in interview. He discussed about the importance of attitude and behavior in interview as well as in life.

Sir explained in detail about how to tackle if we don't know answer in interview. he guided the students how to keep oneself in present. We must believe in our strength and should not waste time around weaknesses. Next to it, Trainer clears the doubt about salary expectation, dressing sense, gesture, and posture. Further in session, he talked on body language, concentration, how to give seminar. Finally Deshpande Sir gave tips to students how to crack the interview.

**Students carefully listening to Deshpande Sir during first session**

In the next segment, Sir briefly covered the topics like how to reduce fear during the communication, positive thinking, convert weakness into strength, to avoid mind rambling, to maintain eye contact during conversation etc. The session ended with a vote of thanks by event coordinator **Prof. Siddhesh Kamat**. He thanked the trainer for giving the valuable guidance and training to the students. He expressed gratitude to all for their contributions. Total 40 students from BE Mechanical class attended the program.

Next session was started at 2.30pm which was attended by 31 students from Civil, Computer and Etc branch. In this session most of the topics covered were same that from first session. Yet some different topics like how to express, Interview etiquette, group discussion, how to write resume were covered till 5.30pm. Students also asked some interesting question like how to tackle salary for freshers or asked the answer for the expected question by H.R. Manager that why should we hire you. Overall it was very energetic sessions by the Trainers. Again the session was ended by Kamat Sir with vote of thanks to Deshpande Sir.

**Deshpande Sir counseling the students in second session**

**Asst.Prof. S.M.Kamat appreciating Deshpande Sir**

Subject: Proposal for Remuneration for Seminar.

Respected Sir,

We, Mechanical Engineering Department have organized Seminar on Personality Development. To conduct the seminar, seminar fee is Rs3,000/- and travelling allowance is Rs 1,000/-. So the total remuneration is Rs 4,000/- We hope that this professional seminar program will help the students to take their personality to another level and ultimately will help them to place in some reputed industries.

So we look forward to your kind cooperation in our attempt and requested to kindly approve this proposal for remuneration.

Thanking you.

Yours' faithfully

## **Seminar**

On

**“Personality Development”**

By

**Mr. Sayyed Ahsan Ismail**

(Motivational speaker and Counselor)

To achieve overall success in life, one must possess a strong personality. While some people are born with it, others can shape up their personality if they work on themselves by attending personality development sessions. Keeping this in mind, a **Seminar on Personality Development** was organized by **Training and Placement Cell of Mechanical Engineering Department** for Mechanical Engineering students on 26<sup>th</sup> March 2019 in seminar hall of G.M.Vedak Institute of Technology, Tala. The main objective of the seminar was to familiarize participants with the different aspects of personality. The seminar was delivered by Mr. Sayyed Ahsan Ismail, Motivational speaker and Counselor.

The seminar started with an inaugural session and Mr. Vikram Choudhary, final year student delivered the welcome address of the inaugural session. It was followed by felicitation of the speaker and inaugural speech by the Principal Dr.D.N.Jaiswal. Mr.Vikram Choudhary gave concept note of the seminar and requested Sayyed Sir for the seminar.

### Inaugural speech by the Principal Dr.D.N.Jaiswal

Sayed Sir started the seminar with the meaning of word personality and different aspects related to it. He covered different areas of personality like personal life, social life, vision in life, thinking process, habits. The speaker emphasized the importance of **SAVERS** (Silence or Meditation, Affirmation, Visualization, Exercise, Reading and Scribe (daily writing) Also, one must be proactive and not reactive. We should transform our negative self-talk to positive self-talk. One should understand others and is important to get the success. He suggested the audience to read "The Miracle Morning" by Hal Elrod.

### Sayed Sir counseling the students on Personality Development

**Students attending carefully to Sayyed Sir**

Audience also got valuable guidance on confidence, knowledge, values and NLP technique. Confidence can be increased by achieving small small successes. Self-respect, believing in god as well as in our self is essential to have a good confidence level. For knowledge reading is must. He also emphasized on “Compound effect”, “Live in today” and “Big thinking” in life.

In the final segment, Sayyed Sir guided the last year students from employment point of view and pointed out the importance of Entrepreneurship in present era. For entrepreneurship, it is enough to have unique concept or idea. Remaining things can be hired or purchased easily. He discussed about how to prepare for the companies and interviews. Overall, it was very effective and energetic session for students and faculties of Mechanical Engineering department.

The programme started on 11.00 am and concluded on 2.00 pm with vote of thanks by an event coordinator, Prof. Siddhesh Kamat. He thanked the speaker for the valuable guidance to the students. He expressed gratitude to all for their contributions. Total 74 students from Mechanical department were present for this value added seminar.

Subject: About getting permission to organize Training Program on "Interview Process".

Respected Sir,

In today's employment world, it is more important than ever to have strong interviewing skills. The most common reason for this is that college graduation rates are increasing and you will be leaving college with more competition. If you fail at your interview or fail to make a good impression it could cost you an opportunity. And for the same; to develop interview skills, we would like to organize a **Training Program** on "**Interview Process**" for last year (B.E.) Mechanical students on 29<sup>th</sup> March (Evening Session) and 30<sup>th</sup> March 2019 (Morning Session). This Program will be conducted by Mr. Vijay Deshpande. For conducting program, following things are required,

- i) College seminar hall for Evening session (After 1.00pm) on 29 Mar 2019 and Full Day on 30 March 2019
- ii) LCD projector
- iii) College mike and Sound system
- iv) Podium
- v) Generator Service (When electricity is not available)
- vi) Breakfast, Lunch, Dinner to 01 to 2 trainers
- vii) Guest House for 01 night on 29 Mar 2019

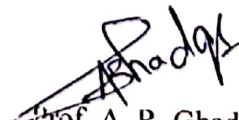

Thanking you.

Respected Sir,

On behalf of Mechanical Engineering Department, I would like to cordially invite you to our college GMVIT, Tala on 29<sup>th</sup> and 30<sup>th</sup> March 2019 for **Training Program on Interview Process** to our departmental students.

Sir, I am sure that our students would be benefitted by your expertise and experience as I am aware of your great contribution to this field of work.

Looking forward for a continual and progressive interaction. Waiting for your reply.

Thanking you.

Subject: Proposal for Travelling Allowances for Training Program.

Respected Sir,

We, Mechanical Engineering Department organized Training program on Interview Process. Program fee was Rs10,000 /- which will be given by Mechanical Department and travelling allowance is Rs 2,500/-.I request you to please pay the travelling allowance so the total remuneration Rs 12,500 /- can be paid . This professional training program helped the students lot to improve their soft skill and ultimately will help them to place in some reputed industries.

So we look forward to your kind cooperation in our attempt and requested to kindly approve this proposal for travelling allowances.

Thanking you.

Yours' faithfully

To,

Mr. Vijay Deshpande

CEO and Founder,

People Sciences.

Dear Sir,

We would like to extend our warm thanks to you for conducting a training program on "Interview Process". The valuable information shared by you has inspired our students and faculties.

We sincerely thank for the support and the valuable time given by you and we hope that you would continue to extend your support in our future initiatives as well.

Thanking You.

## **Training Program**

On

**“Interview Process”**

By

**Mr. Vijay Deshpande**

(CEO and Founder of ‘People Sciences’)

Interview proves important because it connects both the employers as well as job seekers. It assists employers in selecting a right person for a right job. All candidates may have equally impressive qualifications however it is the candidate who knows what to say and how to say it in the interview will win the job. The ability to do this successfully can be learned through interview skill training. Interview skills training will teach you how to communicate in the interview, how to sell yourself and how to convince the interviewer that you are the best person for the job. Keeping this in mind, a **Training Program on Interview Process** was organized by **Training and Placement cell of Mechanical Engineering Department** for **B.E.Mechanical Engineering students** in two session. The first session was held on 29<sup>th</sup> March 2019 (3.30pm to 8.30pm) in seminar hall of G.M.Vedak Institute of Technology, Tala for the first batch of students from the class. The second session was held on 30<sup>th</sup> March 2019 (12.00pm to 5.00pm) in conference room for remaining students. The main objective of the Program was to give training to the students on different aspects of interview i.e. resume building, presentation skills, different interview techniques. The training was given by **Mr. Vijay Deshpande, CEO and Founder of ‘People Sciences’**.

**Deshpande Sir welcomed by Principal Sir and Mechanical faculties**

The Program started with welcome address by **Prof. Minendra Surve** and was followed by felicitation of the trainer by the **Principal Dr. D.N.Jaiswal**. Prof.Surve gave concept note of the program and requested Deshpande Sir for the first session of training.

At the beginning, Deshpande Sir asked some students for introduction and took overview of the present skills of students and later asked the participants about their expectation from the training session. Deshpande Sir started with the difference between Resume, Curriculum Vitae and Biodata. He taught the students how to give general introduction, what is the difference between right answer and correct answer, how to be specific in interview. He discussed about the importance of attitude and behavior in interview as well as in life. Student got actual training and tips on great handshakes. Students were called upon stage in pair for practicing self-introduction, hand shake assuming they are interviewer and candidate. Mistakes were identified and repaired by the trainer at that moment.

In the next segment, one of the participants asked about how to identify strength and weakness. Sir explained in detail about the same and advised to read "Know your strength" by GALLUP. Everybody has unique strength. We must believe in our strength and should not waste time around weaknesses. Next to it, Trainer clears the doubt about salary expectation, dressing sense, gesture, and posture.

**Deshpande Sir counseling the students on Interview Process**

**Students listening Motivational Video during Session**

**Deshpande sir showing the topics covered during the training session**

**Some on hand training for BE mechanical students**

**BE Mechanical Students along with Trainer and faculties**

In the final segment of first session, Deshpande Sir asked the students to present any topic and recorded the same. Then video recording was played, examined and detailed analysis of body language, quality of voice, confidence level was offered to many participants. It was the most important and thrilled part of the training for all. After training on presentation skills, Deshpande Sir verified whether all the expectation of the students fulfilled or not. At the end of session, participants thanked the trainer for teaching very essential life skills.

On the next day, session started at 12.00pm and was again full of interview techniques as in first session. Participants cleared all their doubts regarding interview. The session was followed by participants feedback. The session ended with a vote of thanks by **event coordinator Prof. Siddhesh Kamat**. He thanked the trainer for giving the valuable guidance and training to the students. He expressed gratitude to all for their contributions. Total 44 students from BE Mechanical class attended the program.
