## Celebration of International Yoga Day, 2019 at GMVIT, TALA

The team of teaching, non-teaching staff and students of our Institute celebrated International Yoga Day on 21st June, 2019 in seminar hall of GMVIT, Tala. Dr. Vivek Rane was invited as a guest to guide and perform Yoga. The team learned yoga and pranayama postures, to keep their mind and body fit forever.

Dr. Vivek rane performed yoga and also gave brief introduction of inception of yoga saying that the word Yoga is derived from the Sanskrit word 'Yuj' which means to join or unite. It is believed to have evolved during the period of 'Sat Yug', also called as Golden age. He also mentioned the benefits to the human body especially for mental and physical fitness.

He continued saying that in today's world, most of the people think that Yoga means rigorous physical exercises, but Yoga is perfect blend of physical and mental practices which purifies one's intellect and in turn leads to Spiritual Consciousness.

Shri Narendra Modi, Hon'ble Prime Minister of India, said during his address to the UN General Assembly that "Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help us deal with climate change. Let us work towards adopting an International Yoga Day."

The declaration of International Day of Yoga is the great moment for the India in the history. ## Fundamentals of Yoga

The word Yoga is derived from the Sanskrit word 'Yuj' which means to join or unite. The union referred to is that of the individual self-uniting with Cosmic Consciousness or the Universal Spirit. Yoga is believed to have evolved during the period of the 'Sat Yuga', also called the Golden age. It was not until the discovery of the Indus-valley civilization: that the knowledge about the origin of Yoga surfaced.

## Brief History of Yoga

The science of Yoga has its origin thousands of years ago, long before the first religion or belief systems were born. According to Yogic lore, Shiva has seen as the first yogi or Aadiyogi and the first guru or Aadiguru. Several thousand years ago, on the banks of lake Kantisarovar in the Himalayas, Adiyodi poured his profound knowledge into the legendary Saptarishis or "seven sages". These sages carried this powerful Yogic science to different parts of the world including Asia, the Middle East, Northern Africa and South America. Interestingly, modern scholars have noted and marveled at the close parallels found between ancient cultures across the globe. However, it was in India that the Yogic system found its fullest expression. Agastya, the Saptarishi who travelled across the Indian subcontinent, crafted this culture around a core Yogic way of life.

Yoga is widely considered as an "immortal cultural outcome" of the Indus Saraswati Valley Civilisation – dating back to 2700 BC – and has proven itself to cater to both material and spiritual uplift of humanity.

## Background: International Yoga Day

Celebrating yoga day all over the world as World Yoga Day or International Day of Yoga on 21st of June every year was declared by the United Nations General Assembly on 11th of December in 2014. The declaration was done after the call by the Indian Prime Minister, Shri Narendra Modi to the United Nations General Assembly on 27th of September in 2014 during his address to the UN General Assembly. He call the United Nations General Assembly for adopting 21st of June as an International Yoga Day to get all the benefits of yoga for the people all around the world.

## Report on Road Safety Awareness Program

**Programme Name** : Road Safety Awareness  
**Organized by** : Applied Science and Humanities Department  
**Venue** : G.M.Vedak Institute of Technology, Tala .  
**Dated on** : 29/08/2019

A Road Safety Awareness program was organized at our college premises on 29/08/2019. The dignitaries who shared the session were the Mr. Suresh Gengaje Police Inspector, Tala. The session was very useful for students like us and he was focusing on the safety measures to be followed while riding.

The program was started with felicitation of guest, welcome address and introduction of guest given by Head of Applied Science & Humanities Department Miss R.B. Ghuge madam. Our honourable Principal Dr. D. N. Jaiswal sir had addressed to students and they shared importance of this program. The speech delivered by the Mr. Suresh Gengaje was very informative and he provoked the undeniable truth that "each one's safety is in their own hands" as well on the importance of a how precious each one's life is.

Mr. Suresh Gengaje mainly focus on several measures have been undertaken by the students for the safety of the travellers on road as

- ❖ Seat belt wearing is an important rule for the people traveling in the front seat of the four wheeled vehicles. Heavy penalties have been levied in certain states for the people who violate the rule. This is a major safety measure taken by the government. The wearing of the seat belt reduces the risk of major injury if accident happens and surveys have proved the fact.
- ❖ Two wheeled vehicle drivers have to wear helmets and failing to do so can lead to heavy penalty. Measures are taken by the government for the benefit of the people.
- ❖ Use of cell phone while driving is prohibited. But hardly people try to follow the rule sometimes. To prevent this, preventive measures like fine payment has been levied on the citizens who are found driving and talking on the mobile simultaneously.
- ❖ Red light jumping and no lane driving is another hazard in maintaining road discipline. This is the reason why the government has taken the measure of penalty payment of red light jumpers.
- ❖ Over speeding also leads to punishment and many people end up paying fine. The students were very much enlightened by his motivating speech because at this age we ride for fun.
