Shri. Gopinath Mahadeo Vedak Pratishthan's G. M. Vedak Institute of Technology, Tala

The promotional activity on Vermicomposting program was arranged in GMVIT, Tala on 11th April, 2022 at Anandwadi. The First segment of this function, there was a distribution of dry and wet garbage dustbins to the peoples of the Anandwadi for this event all faculty members were present Prof. Akshay Ghadage (HOD, Mechanical Department), Prof. Magdum sir, Prof. Bhagat Sir, Prof. Kadambari Metha madam (HOD, Computer Department), Prof. Sanjay Gavali Sir, Prof. Autade sir, Prof. Mali Sir, Prof. Priti Kaninde were present and the peoples from the Anandwadi Shri. Naresh Surve, Corporate-Nagaroanchayat-Tala. Harishchandra Bhaud, Shri. Dhonndu Thite, Ramesh Sakpal, Sakharam Katge were present. The wet waste dustbin and dry dustbin handover to peoples of Anandwadi by the hands of Prof. Metha and Prof. Kaninde. The students of GMVIT, Tala arranged the awareness rally around the Anandwadi villeges.

In this program the presentation were made by Mr. Alpesh Patil, (TE Civil department student) on biotic component from chicken waste and biogas waste project of Pet animals waste. Chicken manure biogas Chicken manure is a suitable feedstock for digesters because 100kg of litter will produce approximately 20m³ of biogas. However, poultry waste has a high nitrogen content, which the microbes in a biogas plant struggle to digest. Biogas is produced by the activities of bacteria that breaks down the biodegradable components of the manure in the absence of oxygen in an airtight chamber. The process is called anaerobic digestion. Anaerobic digestion is the microbial fermentation of substrate in the absence of oxygen.

The scientific process: In the first step, the chicken droppings are placed in a laboratory digester without pre-treatment. In the second step, the droppings are placed in an industrial digester without pretreatment. In the third step, a methanogenic inoculum is incubated with the chicken droppings in a batch digester.

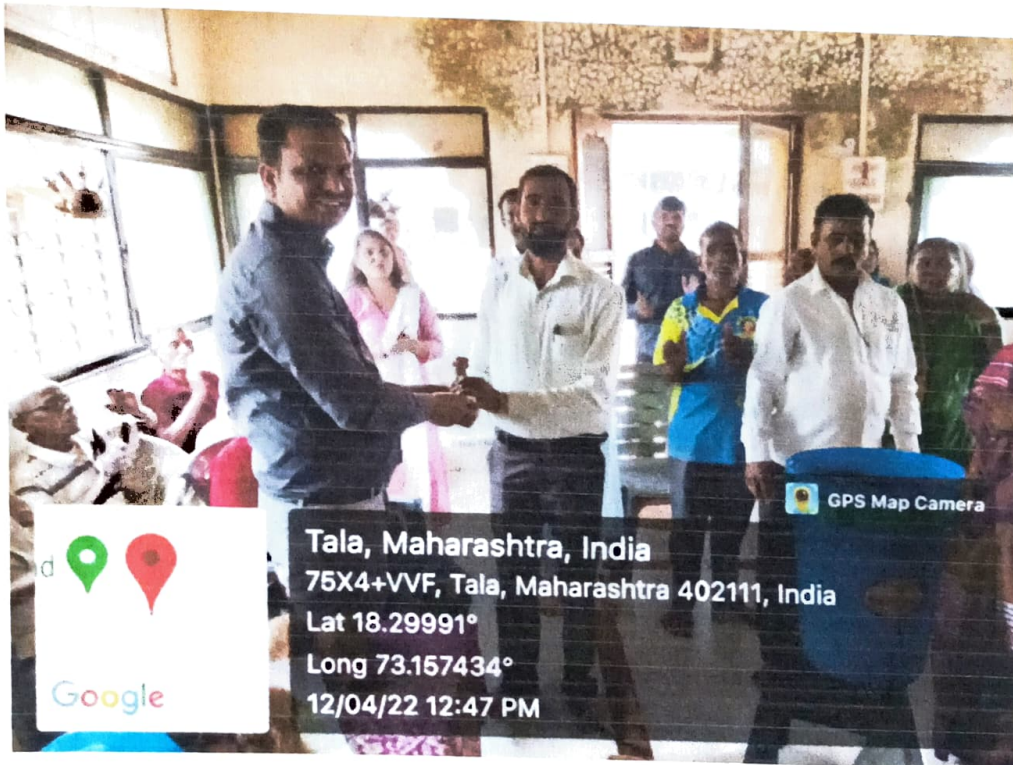

Pics. 1. & 2. The dry dustbin handover by Prof. Kadambhari Metha & Prof. Priti Kaninde to the ladies sr. citizens of Anandwadi.

Pics. 3. & 4. The GMVIT team students and faculties were gather together for rally of awareness vermicomposting program.

Pics. 5. & 6. The GMVIT team of students and faculties were participated in rally of awareness vermicomposting program.

Subject: Application for the permission of organizing Seminar on "Zero Waste"

Respected Sir,

This is a humble request for permission to hold an event in our college. The event being conducted is "Zero Waste" as a way on creating awareness in students and teachers regarding the principles of waste prevention that encourages the redesign of resource life cycles.

The seminar will be conducted by "Shrunkhala Organization", Mahad. The details for the same are as follows:

Venue: Main Building Seminar Hall, 2nd floor.

Date: 07 August, 2019 (Wednesday)

Time: 11:30 A.M. - 12:30 P.M. (Mentoring Session)

Estimated Expenses: Rs. 1350 (The details of the same are attached with letter)

We require seminar hall and sound system to smoothly conduct the session.

We hope you will understand our motivation for organizing this event and us to conduct the same.

Thanking You.

Kind regards,

Permitted

DEPARTMENT OF COMPUTER ENGINEERING

Date: 21/08/2019

Program: Zero Waste Management

Venue: Main Building Seminar Hall, 2nd Floor

Date: 21 August, 2019.

Time: 11.30 A.M to 12.30 P.M

Shrunkhala Organisation For Sustainable Development is a Private incorporated on 16 January 2018. It is classified as Non-govt company and is registered at Registrar of Companies, Mumbai. Its authorized share capital is Rs. 0 and its paid up capital is Rs. 0. It is involved in Other service activities

Shrunkhala Organisation For Sustainable Development's Annual General Meeting (AGM) was last held on N/A and as per records from Ministry of Corporate Affairs (MCA), its balance sheet was last filed on N/A.

Directors of Shrunkhala Organisation For Sustainable Development are Indumathi Nirmal Kumar and Asmita Manish Sharma.

Current status of Shrunkhala Organisation For Sustainable Development is - Active..

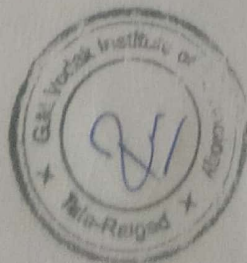

OBJECTIVES :

- The most important reason for proper waste management is to protect the environment and for the health and safety of the population.
- Reduce the volume of the solid waste stream through the implementation of waste reduction and recycling programs.
- Maintain a balanced SWM system which benefits the community while following regulatory requirements.
- Provide efficient and economical refuse collection, recycling, and disposal services.

Zero Waste is a set of principles focused on waste prevention that encourages the redesign of resource life cycles so that all products are reused. The goal is for no trash to be sent to landfills, incinerators, or the ocean. Currently, only 9% of plastic is actually recycled. Zero waste system, material will be reused until the optimum level of consumption

The conservation of all resources by means of responsible production, consumption, reuse, and recovery of all products, packaging, and materials, without burning them, and without discharges to land, water, or air that threaten the environment or human health.

Teachers Day in GMVIT was celebrated on 07 August .All the students and the faculties were socially aware of the importance of "Zero Waste Management, it was conducted in Main Building Seminar Hall,2nd Floor classroom. The Faculties & Students gathered at the venue at 11.30 AM.

Respected Sir/Madam,

Our Institute, G. M. Vedak Institute of Technology, Tala approved by AICTE, Recognized by DTE and Govt. of Maharashtra and Affiliated to University of Mumbai is offering Four years Degree Course in Engineering & Technology for the following disciplines.

1. Computer Engineering
2. Electronics and Telecommunication Engineering
3. Civil Engineering
4. Mechanical Engineering

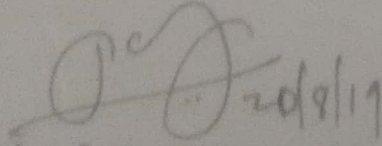

As the part of the extra-curriculum, all the students of our college required to gain the knowledge through expert session on "Waste Management". As waste management is one among the basic essential service. Waste is littered all over leading to insanitary living conditions.

So we request you to deliver a session on "Zero-Waste".

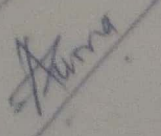

We hope you will consider our request and positively accept our invitation and share your knowledge with our students.

Thanking you,

Yours Faithfully,

Head of the Department

Venue: Chandika Mandir, Tala.

On 2nd October 2017, Gandhi Jayanti, the Swachh Bharat Swasth Bharat Mission turned two. It means two years have passed since our Prime Minister Sh Narendra Modi had started Clean India Mission on this day. Now this movement has become very popular among the masses. There is much talk on it. So it is a very important topic for the Healthy India and Clean India.

G. M. Vedak Institute of Technology have organized Cleanliness Drive under Swachh Bharat Swasth Bharat Abhiyaan Program on the occasion of Gandhi Jayanti.

The main purpose of this program:

1. To create awareness among the students regarding Cleanliness and its benefits.
2. As a part of this Cleanliness Drive, we had to clean the whole premises of the holy Temple Goddess Chandika Devi.
3. To give a token of Swacha bharat and Swastha bharat to the community.

The students Started cleaning. Some of us picked brooms and started our job. Some of the students did the dusting of the Temple. And others went to the ground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the ground of Goddess Chandika Temple and taken the oath/ Pledge of cleanliness. There we were given refreshment in the form of Ice-cream.

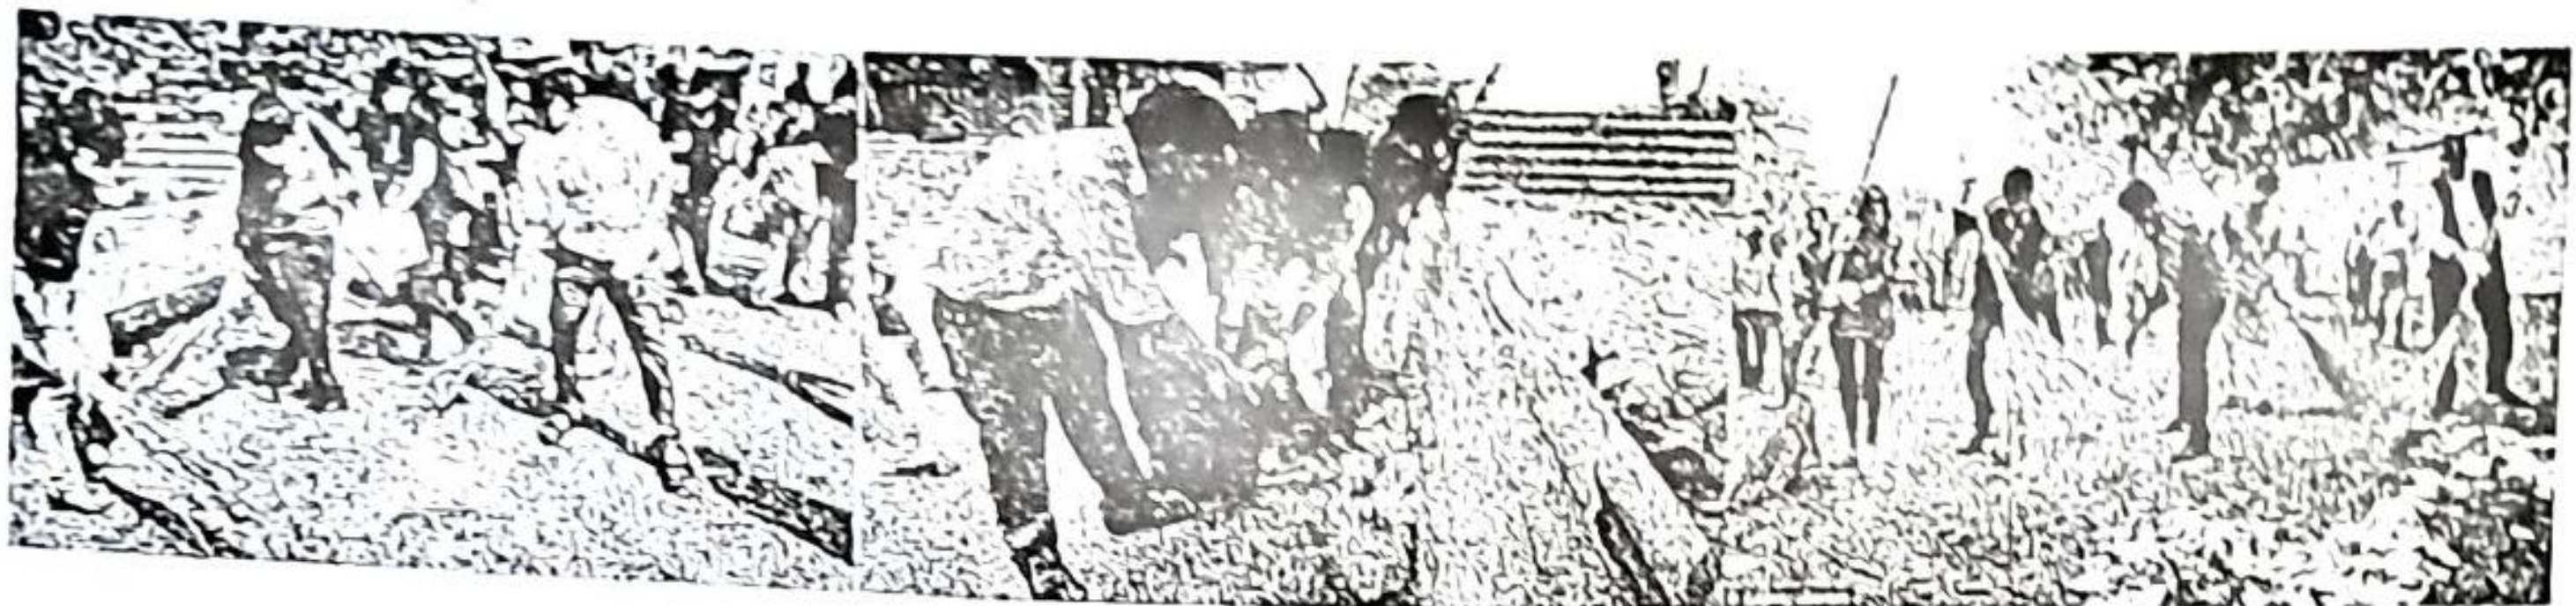

Prof. S. N. Pardesi, Prof. K. Padalkar, Prof. G. G. Dorlekar and Prof. S. S. Kasare are the cultural committee members who were present on this occasion and successfully conducted Swacha bharat Abhiyan. Also 3 Peon's were present as a helping hand.

Govt. of India has conducted the survey to find the cleanest city of the country. According to this survey, Indore has been ranked as the cleanest city. Bhopal bagged no. 2 slot whereas Visakhapatnam and Surat have clinched 3rd and 4th slots respectively. Gonda District of UP has emerged as the dirtiest city of the country. There were total 434 cities which participated in this competition.

PM Modi in his programme Mann Ki Baat (35th Edition) has called upon the countrymen to initiate a Campaign called Swachhata Hi Sewa (Cleanliness is Service). The programme should begin at least 15 days prior to Gandhi Jayanti (2nd October). He said, " Let's create an environment of cleanliness in the entire country." For that he urged all (leaders/ officials/ students) to be the part of this mission.
