Industrial Visit

At

Clariant Chemicals India Ltd, Roha

Industrial visit was conducted for final year (B.E.) Mechanical engineering students to Clariant Chemicals India Ltd, Roha on 19th October 2019. This industrial visit was found to be very helpful for the students to upgrade the knowledge of the corresponding subject. The visit has been attended by three faculty members along with B.E Mechanical students.

Mr. Parag Phukane (CSR) addressed the company and also discussed about the company details, its plants at different location throughout the world and also discussed the different products of the company during this introductory session.

Clariant Chemicals India Ltd, Roha is a Switzerland-based specialty chemicals manufacturing company. The India office is headquartered in Thane. It also largest producer of Pigments, Textile Chemicals & Leather Chemicals in India. The main business activity of Clariant Chemicals (India) involves manufacture of specialty chemicals for domestic and industrial use. It manufactures and markets textiles, leather, paints, plastic, printing inks, and agrochemicals products in India. It has presence in many international markets.

At the start, all the students and faculties were given excellent hospitality by the company. After introductory speech of Parag Sir, field visit was started at around 10am in three groups with one faculty each. During the visit students understood Shopfloor, Inventory, machine workshop, Operation plant and Utility section of the Industry in detail by Company employee. It was really one of the best practical knowledge gaining visit in life of students.
