Professional Activity
Two Days Workshop on Web Designing using PHP

Program: Web Designing using PHP

Date: 6th and 7th October 2017

Venue: Computer Lab

The backbone of a student's career is his college education. College is the place where a student lays the foundation of his professional career. And that is why every college is known for their successful Alumni and takes pride in them.

Robokart.com has been associated with most of the colleges in the country to add value to their student's education and to further enhance their professional career.

Robokart.com in association with Innovation Cell, IIT Mumbai has introduced their career oriented programs to students and conducted **Two Days Workshop on Web Designing using PHP** for students and faculties of Computer Engineering, IT and EXTC departments.

Mr. Obaid Ansari, Workshop Trainer conducted this workshop to make students familiar with current IT industry trends and new technologies like PHP

Objectives of Program:

1. To make students and faculties about IT industry latest trends and new technologies
 2. To inform about career oriented programs
- To make a tie up with NIIT (MoU) for Faculty Development Program (FDP)

Workshop was well organized by Department of Computer Engineering in association of Robokart.com and Innovation Cell, IIT Mumbai under the chief coordinator Prof. P.R.Kunekar.

Faculty Coordinator: Prof.S.K.Jayswal

Student Coordinators :Mr.Pranay Jadhav (BE Computer)

Mr. Rohit Jadhav (TE Computer)

Students benefited from session:

2nd, 3rd and Final Year students of Computer, IT and EXTC

Program Outcome:

Students will now aware of technologies in industries like web designing using PHP.
