Subject: About getting permission to organize Training Program on "Interview Process".

Respected Sir,

In today's employment world, it is more important than ever to have strong interviewing skills. The most common reason for this is that college graduation rates are increasing and you will be leaving college with more competition. If you fail at your interview or fail to make a good impression it could cost you an opportunity. And for the same; to develop interview skills, we would like to organize a **Training Program** on "**Interview Process**" for last year (B.E.) Mechanical students on 29th March (Evening Session) and 30th March 2019 (Morning Session). This Program will be conducted by Mr. Vijay Deshpande. For conducting program, following things are required,

- i) College seminar hall for Evening session (After 1.00pm) on 29 Mar 2019 and Full Day on 30 March 2019
- ii) LCD projector
- iii) College mike and Sound system
- iv) Podium
- v) Generator Service (When electricity is not available)
- vi) Breakfast, Lunch, Dinner to 01 to 2 trainers
- vii) Guest House for 01 night on 29 Mar 2019

Thanking you.

Respected Sir,

On behalf of Mechanical Engineering Department, I would like to cordially invite you to our college GMVIT, Tala on 29th and 30th March 2019 for **Training Program on Interview Process** to our departmental students.

Sir, I am sure that our students would be benefitted by your expertise and experience as I am aware of your great contribution to this field of work.

Looking forward for a continual and progressive interaction. Waiting for your reply.

Thanking you.

Vijay Deshpande

Vijay Deshpande, backed by more than 30 years of Core HR experience from a diverse, multi sector industry; holds a Master's Degree in HR from Mumbai University (MLS) and is also a Post Graduate Diploma holder in HR Management from NMIMS, Mumbai, India.

Mr Vijay Deshpande, in the various Senior HR Roles, has worked with top notch MNCs like Skoda Auto India, Coca-Cola, GlaxoSmithKline Pharmaceuticals, Owens-Corning, Clariant India, ASB International and Tata Steels Ltd (Tata SSL) etc; to name a few.

Lastly, his major Corporate assignment was with Automobile Company, Skoda Auto India, where he was the Director HR and Member of Board.

Since 2015, Vijay Deshpande is actively providing HR, ER and IR Consultancy to Corporates, Academics and large size HR Networking platforms.

His Recent Industry Honors and Acknowledgements are:

- 'Top 50 HR Leaders' Award by CHRO Asia and World HRD Congress 2018
- 'Most Influential HR Leaders in India'' by World HRD Congress 2017

He has Accreditations and Association from across the globe:

- Senn Delaney, California, USA, Certified Quality Leadership Excellence Trainer
- He is a Franklin Covey Certified Brain based Results Coach
- Noble Manhattan, UK, Certified Managerial Coach.
- SHL, UK, Certified Occupational Personality Assessor (OPQ32r).

He brings with him a very hands-on perspective and transferable knowledge on most of the Contemporary HR, ER and IR domain and has proven capability to provide strategic inputs on management of current and futuristic challenges and threats faced by the Businesses, Society and Corporate HR Functions in general during this VUCA times.

Mr. Deshpande is also a strong exponent of **'Managing High Performance Organizations through Strength Based Approach and driving Supervisor less Organizations through Self Directed Teams (SDTs)'** for educated workforce.

He has special interest in developing and deploying Learning and Development Modules through Application of REBT (Rational Emotive Behavioral Therapy) to drive Business HR Outcomes.

Subject: Proposal for Travelling Allowances for Training Program.

Respected Sir,

We, Mechanical Engineering Department organized Training program on Interview Process. Program fee was Rs10,000 /- which will be given by Mechanical Department and travelling allowance is Rs 2,500/-I request you to please pay the travelling allowance so the total remuneration Rs 12,500 /- can be paid . This professional training program helped the students lot to improve their soft skill and ultimately will help them to place in some reputed industries.

So we look forward to your kind cooperation in our attempt and requested to kindly approve this proposal for travelling allowances.

Thanking you.

Yours' faithfully

Training Program

On

“Interview Process”

By

Mr. Vijay Deshpande

(CEO and Founder of ‘People Sciences’)

Interview proves important because it connects both the employers as well as job seekers. It assists employers in selecting a right person for a right job. All candidates may have equally impressive qualifications however it is the candidate who knows what to say and how to say it in the interview will win the job. The ability to do this successfully can be learned through interview skill training. Interview skills training will teach you how to communicate in the interview, how to sell yourself and how to convince the interviewer that you are the best person for the job. Keeping this in mind, a **Training Program on Interview Process** was organized by **Training and Placement cell of Mechanical Engineering Department** for **B.E.Mechanical Engineering students** in two session. The first session was held on 29th March 2019 (3.30pm to 8.30pm) in seminar hall of G.M.Vedak Institute of Technology, Tala for the first batch of students from the class. The second session was held on 30th March 2019 (12.00pm to 5.00pm) in conference room for remaining students. The main objective of the Program was to give training to the students on different aspects of interview i.e. resume building, presentation skills, different interview techniques. The training was given by **Mr. Vijay Deshpande, CEO and Founder of ‘People Sciences’**.

Deshpande Sir welcomed by Principal Sir and Mechanical faculties

The Program started with welcome address by **Prof. Minendra Surve** and was followed by felicitation of the trainer by the **Principal Dr. D.N.Jaiswal**. Prof.Surve gave concept note of the program and requested Deshpande Sir for the first session of training.

At the beginning, Deshpande Sir asked some students for introduction and took overview of the present skills of students and later asked the participants about their expectation from the training session. Deshpande Sir started with the difference between Resume, Curriculum Vitae and Biodata.He taught the students how to give general introduction, what is the difference between right answer and correct answer, how to be specific in interview. He discussed about the importance of attitude and behavior in interview as well as in life. Student got actual training and tips on great handshakes. Students were called upon stage in pair for practicing self-introduction, hand shake assuming they are interviewer and candidate. Mistakes were identified and repaired by the trainer at that moment.

In the next segment, one of the participants asked about how to identify strength and weakness. Sir explained in detail about the same and advised to read "Know your strength" by GALLUP. Everybody has unique strength. We must believe in our strength and should not waste time around weaknesses. Next to it, Trainer clears the doubt about salary expectation, dressing sense, gesture, and posture.

Deshpande Sir counseling the students on Interview Process

Students listening Motivational Video during Session

Deshpande sir showing the topics covered during the training session

Some on hand training for BE mechanical students

BE Mechanical Students along with Trainer and faculties

In the final segment of first session, Deshpande Sir asked the students to present any topic and recorded the same. Then video recording was played, examined and detailed analysis of body language, quality of voice, confidence level was offered to many participants. It was the most important and thrilled part of the training for all. After training on presentation skills, Deshpande Sir verified whether all the expectation of the students fulfilled or not. At the end of session, participants thanked the trainer for teaching very essential life skills.

On the next day, session started at 12.00pm and was again full of interview techniques as in first session. Participants cleared all their doubts regarding interview. The session was followed by participants feedback. The session ended with a vote of thanks by **event coordinator Prof. Siddhesh Kamat**. He thanked the trainer for giving the valuable guidance and training to the students. He expressed gratitude to all for their contributions. Total 44 students from BE Mechanical class attended the program.

Invitation for Seminar on "Personality Development".

Respected Sir,

On behalf of Mechanical Engineering Department, I would like to cordially invite you to our college GMVIT, Tala on 26th March 2019 for **Seminar on Personality Development** to our departmental students.

Sir, I am sure that our students would be benefitted by your expertise and experience as I am aware of your great contribution to this field of work.

The tentative schedule for the program is as follows:

10.45 a.m. A brief meeting with Principal Sir

11.00 a.m. Start of the program

01.00 p.m. End of program

01.15 p.m. Lunch

Looking forward for a continual and progressive interaction.

Thanking you.

Subject: About getting permission to organize Seminar on "Personality Development".

Respected Sir,

Personality involves good communication skills, confidence, proper body language and etiquette's. Personality development is gaining more and more importance because it enables people to create a good impression about themselves on others; it helps them to build and develop relationships, helps in career growth. And for the same; to create awareness about personality development, we would like to organize a **Seminar** on "Personality Development" for Mechanical engineering students on 26th March 2019 at 11.00am. This seminar will be delivered by Mr. Ahsan Sayyed, a Motivational Speaker and Counselor.

For conducting seminar, following things are required,

- i) College seminar hall for 1 day
- ii) LCD projector
- iii) College mike and Sound system
- iv) 03 Rose flowers for felicitation
- v) Podium
- vi) Generator Service (When electricity is not available)
- vii) Lunch to 01 to 2 trainers

Subject: Proposal for Remuneration for Seminar.

Respected Sir,

We, Mechanical Engineering Department have organized Seminar on Personality Development. To conduct the seminar, seminar fee is Rs3,000/- and travelling allowance is Rs 1,000/-. So the total remuneration is Rs 4,000/- We hope that this professional seminar program will help the students to take their personality to another level and ultimately will help them to place in some reputed industries.

So we look forward to your kind cooperation in our attempt and requested to kindly approve this proposal for remuneration.

Thanking you.

Yours' faithfully

PAID 4,000/- Cash

To,
Mr. Ahsan Sayyed
Global Career Counselor

Dear Sir,

We would like to extend our warm thanks to you for delivering a seminar on "Personality Development". The valuable information shared by you has inspired our students and faculties.

We sincerely thank for the support and the valuable time given by you and we hope that you would continue to extend your support in our future initiatives as well.

Thanking You.

Seminar

On

“Personality Development”

By

Mr. Sayyed Ahsan Ismail

(Motivational speaker and Counselor)

To achieve overall success in life, one must possess a strong personality. While some people are born with it, others can shape up their personality if they work on themselves by attending personality development sessions. Keeping this in mind, a **Seminar on Personality Development** was organized by **Training and Placement Cell of Mechanical Engineering Department** for Mechanical Engineering students on 26th March 2019 in seminar hall of G.M.Vedak Institute of Technology, Tala. The main objective of the seminar was to familiarize participants with the different aspects of personality. The seminar was delivered by Mr. Sayyed Ahsan Ismail, Motivational speaker and Counselor.

The seminar started with an inaugural session and Mr. Vikram Choudhary, final year student delivered the welcome address of the inaugural session. It was followed by felicitation of the speaker and inaugural speech by the Principal Dr.D.N.Jaiswal. Mr.Vikram Choudhary gave concept note of the seminar and requested Sayyed Sir for the seminar.

Inaugural speech by the Principal Dr.D.N.Jaiswal

Sayed Sir started the seminar with the meaning of word personality and different aspects related to it. He covered different areas of personality like personal life, social life, vision in life, thinking process, habits. The speaker emphasized the importance of **SAVERS** (Silence or Meditation, Affirmation, Visualization, Exercise, Reading and Scribe (daily writing)) Also, one must be proactive and not reactive. We should transform our negative self-talk to positive self-talk. One should understand others and is important to get the success. He suggested the audience to read "The Miracle Morning" by Hal Elrod.

Sayed Sir counseling the students on Personality Development

Students attending carefully to Sayyed Sir

Audience also got valuable guidance on confidence, knowledge, values and NLP technique. Confidence can be increased by achieving small small successes. Self-respect, believing in god as well as in our self is essential to have a good confidence level. For knowledge reading is must. He also emphasized on "Compound effect", "Live in today" and "Big thinking" in life.

In the final segment, Sayyed Sir guided the last year students from employment point of view and pointed out the importance of Entrepreneurship in present era. For entrepreneurship, it is enough to have unique concept or idea. Remaining things can be hired or purchased easily. He discussed about how to prepare for the companies and interviews. Overall, it was very effective and energetic session for students and faculties of Mechanical Engineering department.

The programme started on 11.00 am and concluded on 2.00 pm with vote of thanks by an event coordinator, Prof. Siddhesh Kamat. He thanked the speaker for the valuable guidance to the students. He expressed gratitude to all for their contributions. Total 74 students from Mechanical department were present for this value added seminar.

Seminar Report - "Different Techniques Used in Bridge Construction & Introduction of few Softwares Used in Civil Engineering" Date : 28th & 29th March 2019

G. M. VEDAK INSTITUTE OF TECHNOLOGY, TALA, RAIGAD

Guest Lecture On

**"Different Techniques Used in Bridge Construction &
Introduction of few Softwares Used in Civil Engineering"**

Date : 28th & 29th March 2019

All the students of Civil Engineering of G. M. Vedak Institute of Technology Tala, Raigad, were very much thankful to our Principle Dr. D. N. Jaiswal & H.O.D. Of Civil Engineering Department Prof. Ajeet Kumar, & Subject Teacher Prof. Akash Lanke respectively to support Guest Lecture on 'Different Techniques Used in Bridge Construction & Introduction of few Softwares used in Civil Engineering', Mr. Prathulla. Govind Pagnis.

Importance of Bridge Construction & Use of Softwares in Civil Engineering

Prafulla. Govind Pagnis sir who is having 45 years of industry experience in Bridge construction had delivered the lecture on types of bridges present in India, and their Importance and serviceability Properties which are useful to the students. This lecture includes the following points

- A. Bridge construction tends to involve huge projects that encompass the utilization of skills related to several engineering disciplines including geology, civil, electrical, mechanical, and computer sciences.
- B. Therefore, integrating the efforts of all involved must be meticulous. The initial plans are prepared regarding the project, including the characteristics of the desired bridge, the site details, and the requirement of resources.
- C. The bridge design will be determined by the type of bridge being constructed. The main types of the bridges are beam, arch, truss, cantilever, and suspension. The beam bridge is one of the popular types.
- D. Bridges can also be categorized by the planned use, like road and rail bridge, pedestrian pavement, material to be used like steel or concrete, and fixed or moveable.
- E. Moveable bridges are constructed when the ship height may be more than the bridge floor. In such situations, the road has the capability to be lifted or pivoted, to permit marine traffic movement under it.
- F. Now a days Softwares Like Midas Civil,Staad Pro,Primevera and Mspjobject are very important to the students.Mr.Prafulla Pagnis Sir Helped the students for Hands-on Practice for the two days session.

Seminar Report - "Different Techniques Used in Bridge Construction & Introduction of New Softwares Used in Civil Engineering" Date : 28th & 29th March 2019

Objectives of Guest Lecture

Technical Exposure of Bridge construction, Bridge Foundation & softwares like Staadpro, Ms-Project, Primavera other engineering aspects of Advanced Construction Technology, Softwares Applications in Civil Engineering Subject as per University of Mumbai Syllabus.

Introduction on Bridge Foundation, Types of bridges, and Different Softwares used in Civil Engineering

1. Mr.Prafulla Pagnis has explained various importance in Bridge construction to all civil engineering students. This Interactive session held successfully and students are able to understand the difficulties that arise in Industry.

1 Finds On price to every student is carried by Prafulla Pagnis sir on the safety, Staadpro and Ms-Project, Primavera to the civil engineering students.

1 A.V.J.T. Tala - University of Mumbai

Seminar Report - "Different Techniques Used in Bridge Construction & Introduction of
few Softwares Used in Civil Engineering" Date : 28th & 29th March 2019

2) Each and Every student had done the Hands-on Practice to the numerical in the
academic textbook. Results are been displayed on the projector screen. This helps
the students to get an aware on the softwares like Staad-pro, Primavera, and MS-
Project.

On

“Celebration of YOGA Day”

By

GMVIT

Yoga is a physical, mental and spiritual practice which originated in India. The Indian Prime Minister, Narendra Modi, in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

On occasion of International YOGA Day, GMVIT and Civil Engineering Student Association combine celebrated YOGA Day on 21 July 2018. All Teaching and Non-teaching Staff are invited for YOGA Day.

International Yoga Day was celebrated by the students and teachers at GMVIT with great enthusiasm. All Students demonstrated various asanas followed by Omkar chanting. Warm up exercises were taken and all the students performed sitting and standing asanas, importance of these were explained simultaneously. The celebration concluded with synchronized recitation of shlokas and speech by our Principal. He encouraged students to practice regular yoga to remain fit

improve concentration. Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well.

**Report on
Pariksha Pe Charcha 2.0
(Web session by Hon.Shri Narendra Modi)**

HOD

Pariksha Pe Charcha 2.0:

In the second edition of Pariksha Pe Charcha, Prime Minister Modi interacted with students, teachers and parents at New Delhi's Tal Katora Stadium. During the event, a mother told the PM that her son was good in studies but now he is spending a lot of time on mobile. To this, the PM Modi replied "PUBG Wala Hai Kya?", after hearing this the crowd burst into laughter.

Prime Minister then emphasized on the proper use of technology and said that technology should be for the expansion of mind. Prime Minister Narendra Modi interacted with more than 2000 people which included students, teachers and parents at New Delhi's Tal Katora Stadium. The program was live telecasted at Facebook page and YouTube Channel of HRD Ministry (i.e., www.facebook.co/HRDMinistry and www.youtube.com/user/HRDMinistry) and also at ww.webcast.nic.in/mhrd. This time students from across the country and outside country participated in the event.

To,

Prof.M.M.Patil,
Assistant Professor,
GMVIT, Tala.

Sub: Expert Lecture series on "General Aptitude".

Dear Sir,

Our Institute, G. M. Vedak Institute of Technology, Tala approved by AICTE, Recognized by DTE and Govt. of Maharashtra and Affiliated to University of Mumbai is offering Four years Degree Course in Engineering & Technology for the following disciplines.

1. Computer Engineering
2. Electronics and Telecommunication Engineering
3. Civil Engineering
4. Mechanical Engineering

As the part of the curriculum the students of final year of Computer Engineering are required to gain the knowledge through the expert lecture and Prepare for campus interview. So we request you to deliver a lecture series on "General Aptitude". Please communicate with suitable date and time.

We hope you will consider our request and positively accept our invitation and share your knowledge with our students.

Thanking you,

Yours Faithfully,

 11/3/19
