

EXPLORICA 2017

INTRODUCTION

Physical Education and cultural event are an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Cultural and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play Cultural and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on Cultural and sports also. Either study or work alone makes us exhaust. We remain no longer efficient to do any work. Sports and Cultural events remove our mental exhaustion. Education without sports and Cultural is incomplete.

It strives to excel at all levels and bring laurels to the college. With the help of college faculty, we are continuously improving in sports field. Considering the concept of "EXPLORICA" throughout the entire session we organized Inter-department tournaments for students as well as some sports activities with Cultural Activities for staff (teaching and non-teaching). It is one of the largest co-curricular activity programs that offer an extensive opportunity to all the students and staff. This venture shall enable the students and staff to have fun, learn new sports, enhance social interaction and tests one's physical capability. These competitions also offer a break from the daily routine tasks and recreate ore-energetic them.
